

July 14-16, 2025

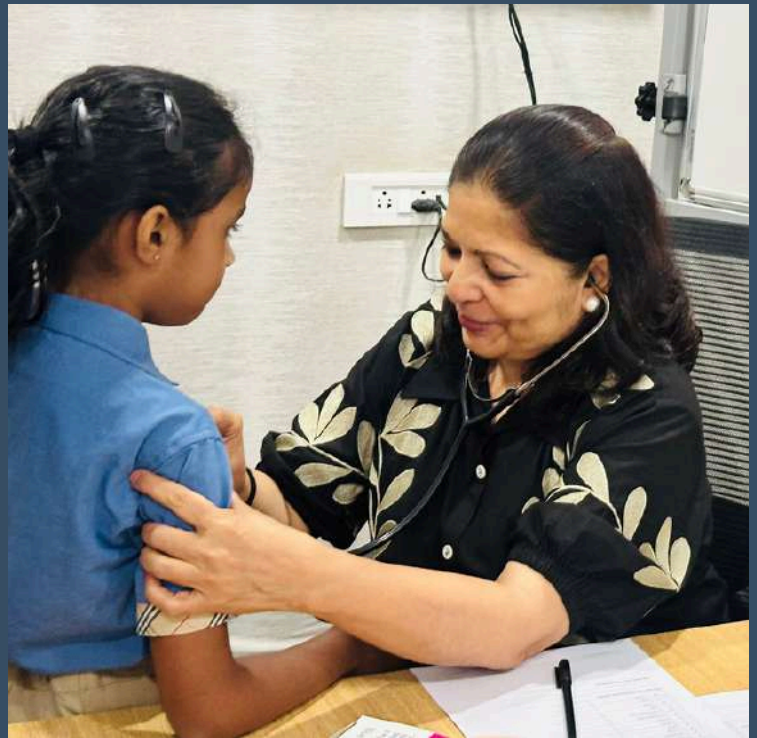

## KESIS | Annual Medical Camp 2025

As part of our ongoing commitment to student wellbeing, KES International School hosted an on-campus Medical Camp for learners across all grades. The camp included routine health assessments — covering height, weight monitoring, vision screening, dental checks, and pediatric evaluations.

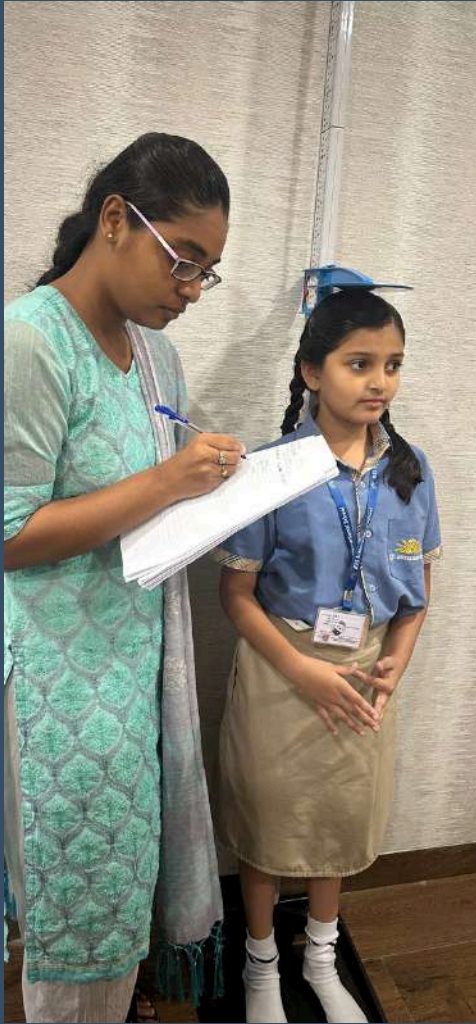

# On-Campus Medical Camp: A Preventive Health Initiative

The initiative offered a reassuring touchpoint for early observation and care, while ensuring that students received attention in a familiar, comfortable environment.

# Annual Wellness Screening at KESIS

We extend our sincere thanks to the team of doctors - Dr. Nita Jagad - Pediatrician, Dr. Gauravi Pandit - Ophthalmic Pediatric, Dr. Krutika Sanghvi-Pediatric Dentist, Dr. Arpita Vakil - Pediatrician and Dr. Tanushree Mukherjee- Pediatrician, for their time, expertise, and care in making the initiative seamless and reassuring for our learners.

# Empowering Young Minds for a Confident Tomorrow

An Adolescence Awareness Session was conducted for learner of class 5 to 9, focusing on the physical and psychological changes that come with growing up. Facilitated by Dr Rajesh Kasla, the session aimed to foster self-awareness, body positivity, & emotional resilience. The Health Camp concluded on a high note, equipping our students with knowledge and habits that nurture lifelong well-being.
