## Personal Safety Education Programme

The sessions were sensitively designed to address safe and unsafe touch, trusted adults, with content tailored to each age group. Through stories, discussions, and role-play, students were empowered with the language and confidence to express themselves and stay safe.

# Personal Safety Education Programme

By introducing safety education early and consistently, KESIS fosters a culture of awareness, trust, and emotional security—ensuring that not just our learners grow into confident, self-assured individuals but the parents can also learn and provide them with a safe and supportive environment.
