Field Trip to Veermata Jijabai Bhosale Udyan - Classes 3 & 4

Our enthusiastic learners from Classes 3 and 4 embarked on a nature-filled educational trip to the Veermata Jijabai Bhosale Udyan, Byculla. The day began with a Flora-Focused Nature Trail, where students explored the diversity of plant life and understood the vital role of urban green spaces. Observing the serene surroundings, they engaged with nature through guided observation and inquiry.

A Day with Nature – Learning Beyond the Classroom

In a meaningful culmination, students participated in the Dorodonga Seed Ball Workshop, where they created seed balls—small bundles of earth and seeds to promote reforestation. It was a wonderful way to introduce sustainability and environmental responsibility in a child-friendly manner.
